

Notice of Temporary School Closure Due to New Case of COVID-19 (January 21st ~ January 28th)

Thank you very much for using our school and for your continued support.

We have announced that one of our front staff has tested positive at the PCR test, but there are other front staff and coaching staff who have also tested positive at the PCR test.

The health care center of Meguro city decides there is no other staff who are considered as close contact since we wear a mask, use hand sanitizer, disinfect our facility, and ventilation our clubhouse every day, and it also decides there is no problem in continuing business.

However, we decided to extend our closure as follows due to the new increase in the number of our staff who got infected COVID-19.

We will refrain from going to work in order not to increase the number of new cases, and we will not be able to answer your phone call.

We will continue to take the PCR test and we will resume our school after all of our staff test negative.

We sincerely apologize for the inconvenience and concern that we have caused. We will continue to work on the prevention of infection when we resume.

We appreciate your continued understanding and cooperation.

< Closure Period >

- January 21st (Thu.) lessons after 6 pm.
- All day of January 22nd (Fri.) ~ January 28th (Thu.)

※ We will also close all lessons at the Libertyhill Club and JITC Chiropractic Clinic.

Lessons after January 29th (Fri.) will be announced as soon as we decide on January 28th (Thu.) via our homepage, the Service Ace, and email (registration required.)

< Details of the staffs who have tested positive >

① Front staff 【Test positive on January 18th (Mon.)】

Work days : January 12th (Tue.), 16th (Sat.), and 17th (Sun.)

Place : Front desk

Note : Got a fever after working on January 17th (Sun.) Test positive on 18th (Mon.) at a hospital.

We already have informed the health care center of Meguro city, and it decides there is no other staff who are considered as close contact.

② Front staff 【Test positive on January 23rd (Sat.)】

Work days : January 20th (Wed.) and 21st (Thu.)

Place : Front desk

Note : Got a fever after working on January 21st (Thu.) Test positive on 23rd (Sat.) at a hospital.

We already have informed the health care center of Meguro city, and it decides there is no other staff who are considered as close contact.

③Coaching staff 【Test positive on January 23rd (Sat.)】

Work days : January 18th (Mon.) and 20th (Wed.)

※Time : January 18th : 2pm ~ 9pm / January 20th : 3pm ~ 9pm

Place : Tennis court and the clubhouse

Note : Got a fever on January 21st (Thu.) Test negative on 22nd (Fri.)

Test positive on 23rd (Sat.)

We already have informed the health care center of Meguro city. The coaching staff wore a mask during all lessons and lessons were outside, so that the health care center decides there is no close contact with the coaching staff among those who participated in the lessons during the above time and other coaching and front staffs.

*We will refrain from disclosing detailed information so that the staff will not be identified.

*If you have any symptoms of suspected COVID-19 such as fever, cough, or fatigue, please contact a professional consultation desk.
